2025 SCHOOL TERMS

Term 1: Tuesday 28 January to Friday 4 April—10 weeks

Term 2: Tuesday 22 April to Friday 27 June—10 weeks

Term 3: Monday 14 July to Friday 19 September—10 weeks

Term 4: Tuesday 7 October to Friday 12 December—10 weeks

A Message from the Principal

Welcome to Yangan State School!

On behalf of our dedicated staff, enthusiastic students and supportive school community, it is my pleasure to extend a heartfelt welcome to you. As you delve into this prospectus and enrolment information package, you'll uncover the vibrant essence of our school, our commitment to fostering a high-quality learning environment and the myriad opportunities and support systems we offer to our students.

At Yangan State School, we pride ourselves on being more than just an educational institution; we are a close-knit, caring and welcoming community. We highly value the involvement of parents and students alike, recognising the vital role they play in shaping our school's culture and success.

As your child embarks on their journey with us and as you navigate your role as parents within our community, we eagerly anticipate the collaborative effort ahead. Your engagement and interest in your child's education and progress are invaluable to us, serving as essential pillars in creating the optimal educational and social environment tailored to meet your child's needs.

Rest assured, our dedication to your child's growth, confidence and achievement knows no bounds. We take immense pride in the diverse range of experiences and opportunities available to every student at Yangan State School.

Should you require further information or have any questions, please do not hesitate to reach out to our school office during working hours. Your curiosity and engagement are deeply appreciated and we are here to support you every step of the way.

Once again, welcome to Yangan State School, where together, we foster a community of excellence, growth, and endless possibilities.

Kind regards, Steven Grogan Principal

Our Vision

Our school aspires to securing success for all our students by:

- · Caring for one another;
- · Improving our performances; and
- Contributing to our school community.

Statement of Purpose

Our purpose is to provide all students with worthwhile opportunities to become highly motivated competent learners. At Yangan State School we have a very strong focus on academic, physical and social development. Individual responsibility towards learning is actively fostered which lays the foundation for lifelong learning. We aim to provide a learning environment that is responsive and embraces a futures perspective through the development of programs that will equip our students, parents, staff and community for the demands and rigours of a changing world.

Expectations

As a school community, we hold high expectations of students being safe, respectful and responsible.

About our School

Yangan is a small country school community. The community is a mixture of rural and residential properties. In recent years the local rural industry has declined. The projected enrolments over the next few years are expected to be maintained, the 2025 school year opened with an enrolment of approximately 41 students in the Prep to Year 6 levels. The classes are multi-aged. We hold a playgroup for our school fortnightly which encompasses all ages before schooling begins.

Yangan State School is situated at the head of the scenic Swanfels Valley, a mere 20 kilometres from the centre of Warwick. The district is rich in pioneering history with the area being part of one of the first selections for free settlement in Queensland. Historic buildings adorn the main street with facilities including a general store, post office, hotel/motel, police, tennis courts and garage being at hand. Yangan State School services a community of approximately 550 people, including the neighbouring area of Swanfels Valley. Yangan State School was established in 1874. Swanfels State School was encompassed by Yangan State School in 1981. Yangan State School celebrated 150 years of schooling in 2024 and had over 500 people attend this milestone on the school grounds.

Our students are typically an homogenous group, eager to learn and having experience of living in a rural area. The students are very well-mannered, polite and we hold high expectations on student behaviour. The community is proud of their students, the way they are presented, their approach to learning and their pride in their school.

Our P&C is extremely active and supportive of our school and takes an active interest in the organisation and the operation of our school. Meetings are well attended. Parents are encouraged to meet with teachers to discuss their child's progress at any time of the year. More formal meetings are timetabled throughout the year. Parents have opportunities to volunteer at our school through various events and excursions.

Curriculum Programs

The school provides educational programs based on the Australian Curriculum. There is a strong focus on academic, social and physical development. The school provides quality educational opportunities to become highly motivated competent learners. Individual responsibility in learning is actively fostered which assists in developing lifelong learning.

Curriculum Organisation

The classes at Yangan State School are composite/multi-age groupings. Our curriculum focus is on and continues to emphasise, improving Literacy and Numeracy outcomes for all our students via targeted programs and effective pedagogies. The weekly teaching and learning program developed for each class is structured around teaching in specific Literacy blocks, Numeracy blocks and other key learning area time. The curriculum has been organised into: -

- 1. Core Learning Areas
- English
- Mathematics
- HASS
- Science
- 2. Specialist Learning Areas
- The Arts (Music, Drama, Visual Arts, Media Arts, Dance)
- LOTE (Japanese)
- Health and Physical Education The Respect program is also delivered as part of the curriculum.
- Technologies (Digital & Design Technologies)

Staff

Staffing provides a total of four teachers including the teaching principal being allocated as a classroom teacher. Teacher aides provide support in multi-age classrooms and in the library. An Administration Officer provides part time administrative support.

Professional development programs are developed and accessed to provide staff with ongoing support for skilful implementation of the school's programs. Individual professional development is also out—sourced, as the need is required.

Support Structures

A number of processes and structures exist in the school to support student needs. Students with additional needs have personalised learning records developed to help set goals and record progress. Our school accesses the services of guidance, speech and advisory teachers as required.

GUIDANCE OFFICER A visiting Guidance Officer is available to do detailed assessments, counselling and follow up with students at our school. Children are referred by the class teacher or parent through Student Support Meetings. The Guidance Officer attends our school for approximately 5 days a semester.

SPEECH LANGUAGE PATHOLOGIST A visiting Speech Language Pathologist is available to do detailed assessments and provide next steps for students at our school. Children are referred by the class teacher or parent through Student Support Meetings.

Facilities

Our school is fortunate to have major teaching areas being less than 15 years old. There are three teaching blocks and a demountable building containing a music room. A school hall (the Big Shed) with a kitchen provides an excellent facility for undercover play and school performances. The resource (library) building is a very important facility for student learning. The administration area is situated in the original school building and consists of a reception area, staff area and principal's office. The grounds are well maintained by a casual grounds care officer. The grounds feature an irrigated oval and playing area, shaded playgrounds, a multi purpose court (netball, tennis & volleyball) and an outdoor learning area. The school will open an upgraded playground in 2025 which will also include a shade shelter.

Consultation

The school community has an active role in school decision-making. Healthy parent-teacher relationships are essential to the smooth operation of the teaching learning process.

An active Parents and Citizens Association supports the school as an avenue of parental input into school decision making, enhancing school resources and in the provision of volunteer helpers in the classroom and in the school grounds. Staff meetings provide an essential forum for staff input into school decision—making. A student leadership program (student council) is promoted by the school as a means of students having input into democratic decision making processes. Students from year 5 are matched with a Prep 'Buddy' which enhances mentoring and eases the transition of prep students into school. All year 6 students have the option to become student leaders.

School Organisation

Attendance

A parent of a child of compulsory school age is obliged to ensure that their child attends school on every school day for the educational program in which he/she is enrolled. Each day is important and children should not be absent on any day without a valid reason.

Parents/Carers Responsibility:

- ensure their child of compulsory school age attends school on every school day for the educational program in which the child is enrolled, unless the parent has a reasonable excuse
- ensure their child in the compulsory participation phase fulfils the requirements of their eligible option
- advise school, preferably via text message of the reason for any absences
- initiate or attend meetings to discuss their child's attendance or participation in their educational program
- negotiate with the school, where appropriate, alterations to their child's educational program or flexible arrangements to best meet the needs of the child
- apply for an exemption for their child for non-attendance at school for a stated or indefinite
 period where the child's attendance at school is impossible or should not be reasonably required
 (10 consecutive days of absence requires an exemption)

Reasons for Absence

Satisfactory reasons for an absence may include such factors as:

- medical or dental treatments or procedures
- specialised training
- sporting events other than those associated with the school or the education system
- funerals
- cultural reasons, or
- family reasons (e.g. special family events, holidays)

Procedures for Absence Notification

• If a student is going to be away please send an SMS to the school mobile 0436 662 849 or phone the school number Ph 4664 8224 and leave a message that your child will be away.

Leaving the School Grounds

No Children will be allowed to leave the school grounds for any purpose without prior knowledge. If a child is attending an appointment during the school day, it is the responsibility of the parent / caregiver to come to the office to collect the child (no child will be allowed to wait outside the school grounds) sign the register at the office to indicate they have taken their child and left the school grounds.

Accidents

Minor accidents are treated at school. Where the accident requires professional attention, the ambulance or the parent is to convey the injured child to the family doctor or the hospital. It is important that the school know how to contact at least one parent/carer in the case of an emergency and the name of the family doctor. Each family is asked to supply this information on enrolling their children at the school and inform the school of any changes to these details.

Arrival/Departure

Under general circumstances, children should not arrive at school before 8.30am and should depart after the completion of school. Students are expected to arrive at school before 8:50am. Supervision is provided for those students coming from and going to buses.

It is realised that from time to time circumstances may cause exceptions to this rule and, if the school is notified in advance, suitable supervision may be arranged.

No responsibility will be taken for children at school who are at variance with this policy. Education Queensland has a policy with regard to the hours of attendance by students.

Bell Times

Bell	Equipment may now be used
Bell	Stop playing and proceed to class
	Classes commence
	Snack
Bell	Play
Bell	Lunch - children sit and eat
Bell	Move to class
Bell	Play
Bell	Afternoon Snack Break
Bell	Move to class
	Classes begin
Bell	Home time
	Bell Bell Bell Bell Bell Bell

Bicycles

Children may ride their bicycles to school and racks are provided for them. It is hoped that parents reinforce the traffic code. The compulsory wearing of helmets will be enforced. Please ensure that if your child rides a bicycle that they are wearing an Australian Safety Standard Approved helmet. Bicycles are not to be ridden in the school grounds.

Bookclub

The school participates in the Scholastic Australia Bookclub. Every month, the children are given a leaflet detailing that month's selection. Most prices are very reasonable, however there is no compulsion to purchase. If you do wish to place an order, simply fill in the order form and return it with payment to the school office by the due date.

Booklists and Student Requirements

The school provides a list of books and student requirements for each class.

For 2025, the school is using a local supplier for all your child's requirements for the beginning of the year and will co-ordinate the orders for parents before the end of this school year.

Parents who do not wish to avail themselves of this scheme **must** purchase all their child's requirements themselves.

Use of Facilities

Persons are not allowed to use the school grounds without permission. Anyone wishing to use school facilities out of school hours is requested to seek permission in advance. **Smoking is not permitted in the school grounds.**

Contact with teachers

Parents who wish to discuss their children's educational progress should arrange an appointment with the teacher concerned. In most instances the classroom teacher should be the first point of contact for your concerns. Maintaining respect of teacher preparation time is crucial. Interruptions, no matter how small, can interfere with the day's teaching program.

Excursions/Camps

The school encourages classes to participate in excursions and camps with an extended overnight camp being planned for older students each year.

Enrolments

Yangan State School caters for Primary School children (including prep) only. Admission of children into other grade levels requires a transfer from the previous school attended.

An enrolment interview between the Principal and the family enrolling must occur prior to a student's commencement. An Enrolment Agreement must be signed.

Prep is now recognised as the first year of school. Prep provides the foundation year of the Australian Curriculum. This means, that regardless of the starting age of a child, Prep will automatically be the first year of learning.

From 2017, it is **compulsory** for all Queensland children to undertake Prep prior to commencing Year 1. The only exceptions to compulsory participation in Prep are where:

- a child has undertaken education in another jurisdiction that is equivalent to Prep;
- a child was registered for home education in the year prior to enrolment in a state or non-state school; or
- the principal is satisfied the child is ready to be enrolled in Year 1 taking into account the child's attributes.

To enrol in Prep, children must be aged five years by 30 June in the year of proposed attendance. You can enrol your child in Prep by contacting the school directly, and you must provide proof of your child's date of birth (e.g. birth certificate, passport or visa). <u>Early or delayed entry to Prep</u> are options which may be considered in specific circumstances and where it is in a child's best educational interest. These options should be discussed with the principal.

When can my child enrol in the Prep year?

Birth date	Eligible for Prep Year in:		
Child born 1 July 2019 – 30 June 2020	2025		
Child born 1 July 2020 – 30 June 2021	2026		

Hats

In Queensland, the risks associated with skin cancer through exposure to the sun are high. We stress this to every child, and ask your assistance in ensuring that every child must wear a hat in the playground. Hats **must** be worn every day. The policy "no hat...no play" will be in force throughout the year.

Only broad brimmed style hats are acceptable. Navy blue school hats are encouraged.

Please ensure that your child's hat is clearly named.

Hats are available for purchase from the office.

Homework

Homework guidelines for Queensland State Schools will help children establish a balanced lifestyle that allows time for activities with family and friends. The homework guidelines for different age groups are as follows

- Homework in Years Prep, 1, 2, 3 could be up to but generally no more than an hour each week.
- Homework in Years 3, 4, 5 & 6 could be up to but generally not more than 2 to 3 hours each week.

Children from Years One to Six are expected to read every night. It is hoped that this will become a life long habit for all. Parents are asked to encourage the children to take good care of the school reading books. Written homework is also set for students as required by class teachers. It is essential that parents support their children's homework efforts.

Library

Students are encouraged to borrow library books. Parents are asked to encourage their children to take good care of the library books. If the need arises, parents will be asked to replace books, which are lost or damaged. Children in Prep to Year Three are only allowed to borrow library books if they have a library bag.

Lockdown Procedures and Evacuation Drills

To ensure the safety of our staff and students, the school will hold regular practices for Lockdown Procedures and Fire Drills. This is done to ensure that both students and staff can act in a safe and calm manner should there be a hazard such as a threatening situation in the school grounds or a fire in one of the buildings. As different responses are required for these circumstances, different alarm sounds are used to alert staff and students to the appropriate action to be taken. It is therefore imperative that practices be held regularly to ensure familiarity.

Medication to Students

This can only be given to children when a doctor's prescription has been obtained. Parents must provide a letter signed by parent and doctor to the school giving permission for medication to be administered. Medication must be in its original container with instructions from the pharmacist stating the medical practitioner's directions.

Note: Staff cannot give non-prescribed medications to the children.

Newsletter

A regular newsletter is emailed approximately every 3 weeks on Thursday. At times this may be supplemented by other notes.

Open Days

An Information Afternoon is held early in the year for parents to visit the school. Other Open Days are held throughout the year. e.g. Orientation mornings for Prep students. These are enjoyable learning times for both the students and the parents.

Parents are most welcome in our school. It is through their support that we are able to provide a community education.

Parents and Citizens Association

The objective of our school P & C, as outlined in its constitution, is to ... "promote the interest of our school by endeavouring to bring about closer co-operation between the parents of the children attending the school, other citizens, the teachers; and generally to foster community interest in educational matters."

In promoting the development of our school, parents are involved in - a variety of fundraising activities which enrich their developing children and parent in-service sessions where new and current curriculum

matters, teaching strategies, educational developments and the school's development are discussed and introduced.

The P & C calls on ALL parents and interested citizens to become involved and active in the promotion of our school and the education of our children. P&C Meetings are held on a Monday once per month from 6pm.

Religious Instruction

Each fortnight on Wednesday afternoons from 2:00pm to 3:00pm visiting ministers and parents conduct Cooperative Religious Instruction classes. These classes cater for all Christian religions.

If your children are not to participate in one of these classes, please contact the school so that alternate arrangements can be made.

Our Plan for Responsible Behaviour by Students

At Yangan State School, we are committed to providing a safe school environment which maximises the educational outcomes and opportunities of all students. The management of behaviour at school must reflect and share the values and expectations of the community if it is to be effective.

At this school, we value a planned approach to managing students' behaviours which involves a planned continuum from positive to preventative actions for all students to responsive actions for specific students. We expect all community members to assist in creating and maintaining a supportive school environment which encourages respect for self, others and the environment.

Yangan State School's values and beliefs about behaviour and learning directly relates to Education Queensland's Statement of Expectations for a Disciplined School Environment. Our school's values and beliefs underpin our Plan for Responsible Behaviour by Students. This plan underpins our school' expectations of student behaviour. (Separate Document)

Reporting to Parents

Written reports are issued at the end of each semester (June and December). Parent interviews are conducted at the beginning of Term 2 and Term 4. Parents may request an interview with the teacher at any time as long as it is requested in advance.

Sickness

INFECTIOUS DISEASES

For your information the following infectious diseases table is included:

Chicken Pox – exclude until fully recovered or at least 5 days after the eruption first appears. Note that some remaining scabs are not a reason for continued exclusion

Conjunctivitis – exclude until discharge from eyes has ceased

Glandular Fever – exclusion is not necessary

Headlice/School Sores/Ringworm/Scabies – readmit the day after appropriate treatment has commenced. Any exposed sores must be covered.

Measles – exclude for at least four days after onset of rash

Mumps – exclude for 9 days or until swelling goes down (whichever is sooner)

Rubella (German Measles) – exclude until fully recovered or for at least 4 days after the onset of rash

Whooping Cough – exclude the child for 5 days after starting antibiotic treatment

Sport

Two major athletics carnivals are held each year. The children attend a carnival of the Tannymorel and Districts Sports Association and a carnival of the Warwick and Districts Small Schools Sports Association. Active participation of all students is encouraged with all children being expected to participate in any events they are capable of.

Student Dress Code

Details of the school uniform for the Yangan State School are as follows:

- light blue buttoned Polo Shirt with dark blue collar and arm bands, printed with the school emblem on the front, and Yangan across the back.
- navy blue shorts for boys and girls or a navy blue wrap around or pleated skirt for girls
- navy blue wide brimmed hat or legionnaires hat (washable, squashable hats are available from the
 office).
- Closed in/sports shoes.

In cooler weather, navy track pants and a printed navy pull over can be added. A spray jackets order is placed when enough interest is received.

Children are to wear school uniform, particularly on those days when we travel to functions outside the school.

Please assist us in ensuring all students wear school uniform.

The Uniform Coordinator is a role established within our P&C.

Student Leaders

The school leader program provided at Yangan State School recognises that the School Leader role is a difficult role which students need to be prepared for and grow towards.

We believe that excellent leadership is a long term goal. This leadership role requires support to ease students into the role and to equip them with the necessary skills of this position of responsibility. Students are sure to make mistakes as a necessary part of learning and as such need to have their attempts supported and appropriate behaviours encouraged.

The Leadership Program begins in Year 5 with the introduction of the prep buddy program. This provides the opportunity for basic leadership skills to be developed through supporting a prep child. Buddies assist their prep child in various activities. e.g. orientation to school, buddy reading, buddy play. They develop a nurturing bond, which demonstrates the need to empathise with the needs of others. The relationship continues to support the integration of prep students within the primary school.

Responsibility is extended in Year 6 when they assume responsibility for the entire Yangan State School student group. Students are asked if they are willing to take the challenge to fulfill the school leader role. As this is a learning role, it is expected that students will continue to require support as they grow to understand the leadership role. In term one of Year 6, the students are introduced to their role and are provided with learning situations to explore their role within a supportive environment. This includes the organisation of activities and learning opportunities for the other school students. Student Leaders will have the responsibility of parades as well as student and community affairs

A student council is a part of this program. The role of the Student Council is to provide the opportunity for students and staff to have input into projects concerning our school and to provide a forum to discuss ideas and areas of concern students or staff may have.

Our school leadership program promotes the development of confidence, selfesteem, interpersonal and organisational skills plus a sense of responsibility, belonging, participation and pride in leading and serving others.

Swimming

Swimming lessons are provided usually as a block of lessons during Term 4. Children require a towel and suitable swimming costume. Swimming caps are to be worn by all students. Children are required to pay a fee to assist in covering instruction, transport and admission costs.

Tuckshop

Tuckshop is provided by the local shop on a Wednesday. Orders for lunch only must be made at the shop the day before. Lunch is delivered to the school.

Telephone

The school number is 4664 8224.

The best times to phone are before school and at lunch breaks. At other times, a message for teachers can be left on the answering machine or with the administration officer.

If the matter is urgent, please do not hesitate to contact the school at any time.

Transfers

When a child is to leave the school it is necessary to notify the school of your child's transfer. All books and other school property must be returned to school before the last day of attendance.

Vehicles in the School Grounds

For safety reasons, no vehicles are to be driven into the school grounds unless specific permission has been obtained from the principal. The Department accepts no liability whatsoever for damage to vehicles in the school grounds.

When picking up or delivering children to school, please park outside the grounds in the spaces provided and please keep the driveway clear at all times.
